Vancouver CoastalHealth
Promoting wellness. Ensuring care.

Y-SITE INJECTION DRUG COMPATIBILITY CHART
for CRITICAL CARE wards

Providence HEALTH CARE
How you want to be treated.

KEY TO SYMBOLS:

I = **Incompatible; DO NOT MIX**

C = **Compatible;** may be mixed via Y-site. Compatibility depends upon many factors including temperature, pH, IV fluid, concentration, order of mixing and brand of drug. ***Check tubing below Y-site carefully for discoloration, cloudiness or precipitation***

☐ = (Blank) **DO NOT MIX;** conflicting or no compatibility information available

∗ = **Call Pharmacy**; compatibility depends on concentration
